Environmental Studies

TEL AVIV UNIVERSITY
Pursuing the Unknown

TRENCH.

WHAT:

Fashion Revolution is a global movement calling for transparency, sustainability, and ethics in the fashion industry.

WHY:

We love fashion, but we don't want our clothes to come at the cost of people or our planet. By coming together, we can change the way our clothes are sourced, produced and purchased.

We are all united by the fabric on our back and together we can make a difference, so join us to engage, network, and discuss!

Who made my clothes?

#whomademyclothes
